ABOUT US

Krifor is a foremost & prominent Bagasse particle board expert, based in Gujarat, India. A strong commitment of manufacturing best quality products has made Krifor, a numero uno brand in particle board manufacturing. Our impeccable quality products are widely accepted in the industry for features like unmatched strength, superior finish & lots more. A palette of finest surfaces where you can get the best range of products including Particle Board, MDF board, Pre Laminated Boards in various shades. Our specialization of bagasse based particle board manufacturing, processing, trading & after sales maintenance services have helped us earn patronage & appreciation from our clients across India.

As a part of its green initiative the Company has established a Windmill (2.1 Mw), whose power generation capacity exceeds its consumption. Further, the Company uses Gobar Gas for generation of domestic cooking gas.

TECHNICAL SPECIFICATION

The Particle Board manufactured by the Company is based on recycling of Bagasse & Wood waste and therefore helps conserve the natural resources and maintain ecological balance. The Boards are 100% eco-friendly as they substitute timber, plywood and block board for various types of furniture & building/Construction industries.

The brand new imported state of the art plant has a manufacturing capacity of 60,000 cbm per annum for Wood & 60,000 cbm per annum for Bagasse. The plant has the most modern & latest machines & equipments for producing high quality flat pressed three layered plain & pre laminated particle boards.

Three layered Boards, Resistance to Heat, Steam, Stains, Abrasion, Moisture Resistant, Fire Resistant. Excellent machinability with screw holding & load bearing capacity, Balanced construction. No air pockets. Free from warping Attractive plain colours & wood/print effect in the prelam range. Eco-friendly product. Manufactured from agro waste, ideal for all type of Furniture and Building/Construction industries.

Specifications met:

Plain Particle Boards : Bagasse & Wood Base

Pre laminated Particle Boards : Bagasse & Wood Base - The size of plain & prelam boards is 8x4 Feet (2440x1220mm). It is offered in 8,9,11,12,17,18 & 25 mm thickness.

Surface Finish : Matt, Suede, Textured, Glossy, 3D, Digital Plain & Pre Laminated Particle Board interior Grade, Exterior Grade, Both Side Laminated (BSL), One Side Laminated (OSL), Filler Board (For Flush & Modular Door) Pin Board.
